GIN

What is special about juniper an Gin ?

Alle Preise sind inklusive Thomas Henry Soft Drinks!

GIN SUL • 43% Vol.

14,50 €

A Hamburg gin with Portuguese roots. The beauty of simplicity: juniper berries, coriander, fresh lemons from Portugal, rosemary, allspice, lavender, cinnamon and cistus (Cistus ladanifer) are just a few of the botanicals that preserve the Saudade in GIN SUL

MONKEY 47 • 47% Vol.

14,50 €

As the name suggests, this gin contains 47 different herbal ingredients. The citrus aromas dominate on the palate, which are skilfully balanced by an above-average creamy mouthfeel

BULLDOG • 40% Vol.

13,00 €

A gin with unprecedented exotic notes, developed through the addition of Chinese "Dragon Eye" fruit (a close cousin of Liji fruit), poppy, lotus leaves, coriander, licorice and lavender

HENDRICKS • 44% Vol.

14,50 €

When it was launched in 2000, Hendrick's Gin was one of the first "premium gins" in the upper price segment and is said to have made a significant contribution to the gin boom at the beginning of the 21st century.

FRIEDRICH'S DRY GIN • 45% Vol.

14,50 €

Friedrichs Gin is a German gin distilled over pure copper, following a 250-year juniper tradition. This gives Friedrichs a particularly soft taste. Friedrichs Gin meets all the strict requirements of the London manufacturing process.

THE BOTANIST • 46% Vol.

14,50 €

It combines 9 classic gin spices with a unique blend of 22 handpicked botanicals that only grow on Islay. The botanist Islay Dry Gin itself has 46% vol. and, in addition to the hand-picked ingredients, is distilled under low pressure and very slowly, which makes the gin itself very mild

GIN MARE MEDITERRANEAN • 42,7% Vol.

14,50 €

In addition to the classic juniper note, which no gin should be without, it impresses with the intense aromas of Arbequina olive, Italian basil, Greek thyme and Turkish rosemary

Der Illusionist • 45,0% Vol.

14,50 €

Floral. Fruity. Surprised. 16 fine botanicals in a magical mix. Our gin combines influences from all over the world: a touch of liquorice, earthy-spicy mace, fruity citrus zest. A mysterious flower from the Far East hovers over everything. It gives the Illusionist Dry Gin a delicate nutty note and its unique blue.
